President's Welcome

As the current President of the Victorian Association of Photographic Societies, I would like to extend a very warm welcome on behalf of the committee members, to every delegate attending this convention.

This includes our distinguished guests, our presenters and our friends who attend and associate with us over the course of the weekend.

Every year, so much work and planning go into every detail of a successful event like this and so many different individuals work tirelessly behind the scenes to make it all possible.

As a committee, we want to bring you a wonderful programme that is both interesting, informative and enjoyable, so you will then not hesitate in booking the next year again. A well-attended convention means a successful convention.

VAPS is now so well known for its commitment and dedication to holding these events and I am very proud to have been a part of this once again.

All our speakers are chosen for their wide variety of subject matter, their expertise and their ability to bring you a memorable program.

The convention always focuses not just on these keynote presentations, but also the extremely high-quality photographic displays of our Victorian club's best images, the wonderful audio-visual programmes, the formal and social gatherings and the educational workshops.

As always, I would like to on behalf of myself and all the VAPS committee members, extend my very sincere thanks to the following people who have made this annual event possible.

Firstly, to the Mayor, the councillors and all the staff of the Latrobe City Council. Then my sincere thanks and gratitude to the Vice-Chancellor, University Executive and the senior management of Federation University Australia, Churchill campus.

Importantly too, we extend our very sincere thanks to the committee and members of the Latrobe Valley Camera Club, for taking on board the task of preparing and planning and then ably assisting in the running of this convention.

Our committee is always working to hold these gatherings in country areas of our state, with changed locations year by year, to make it interesting scenically, to make it of interest to all our members as a visiting tourist, so as to stay on a little longer or perhaps arrive earlier and see what the local area has to offer photographically.

Without the support of local photographic clubs and societies it would not be possible.

I am delighted to announce that 2020 and 2021 are planned, verified and yet again going to be held in country Victoria, with sub-committee members formed and local clubs totally committed and involved.

This is really good news for all of us and it shows more and more, that clubs around Victoria fully support the VAPS committee.

My sincere hope is that all of you will enjoy to the fullest, the warm hospitality shown by the local camera club, the social gatherings, formal dinner and all presentations and workshops on offer this weekend.

Dawn Shoot 7.00am Sunday May 26th

Traralgon Railway Reservoir Conservation Reserve created by Park Tracks

132-134 Hickox Street, Traralgon

Heading east on the Princes Hwy, turn right at the Grand Ridge Rd/Tarra Bulga onto Breed St, then veer right at the roundabout before taking an immediate left at Hickox Street. After one kilometre, you'll arrive at the Reserve's main carpark at 116 Hickox Street. You'll be amazed at what you'll find and it's hard to believe you're so close to the town centre!

Before you set off on your walk, it's well worth exploring the excellent information pavilion that provides a series of panels with a great historical overview of the Gunaikurnai culture and subsequent European settlement through to the present day. There are also professionally presented photos and descriptors to inform you about the flora and fauna you're likely to come across.

The 30-hectare Reserve is a composite of woodland, grassland and wetlands, with approximately 3 kilometres of walking tracks available for you to explore this conservation reserve. There are tables and a shelter for those who'd like to enjoy a picnic. A lake in the centre of the Reserve forms part of the catchment of the Traralgon Creek. This waterway was originally a dam, established in 1883, to provide water that raised steam for the 'new' trains.

Of the many walking options, the main track takes you around the lake that is full of water lilies and a number of other aquatic plants. Boardwalks over the wetlands, home to a variety of birdlife. A bird hide provides viewing holes for both children and adults but note that the best time for viewing is at sunrise or sunset. A canyon at the western end of the track is also fun for the kids (both big and little!) to explore. If you're a photographer, this is a great place to practice your art. Please note there are no toilet facilities at the park and disabled access is limited.

WORKSHOPS AT THE VAPS CONVENTION FEDERATION UNIVERSITY GIPPSLAND CAMPUS, CHURCHILL MAY 2019

SATURDAY PROGRAMME

ADAM WILLIAMS

The Power of a Simple Photoshop Workflow

Join Adam as he demonstrates how the most basic Photoshop skills can transform any ordinary photo you capture into extraordinary photographic masterpieces.

Indoor classroom workshop is limited to around 40 participants.
Cost is \$30.00 per person

KEREN DOBIA

Join Keren Dobia on a live shoot where she will share her thoughts process and demonstrate how she creates, styles and lights her stylised environmental portraits, with an emphasis on in camera craft. Keren's techniques and approaches can easily be translated into your own work flow, whether you shoot on location or in a studio. The afternoon spent with Keren will be informative, enjoyable and stimulating and will be sure to grow your own creative experience.

What you can expect to take away from the day:

- New energy and enthusiasm for your craft
- Ability to conceptualise and style your own shoots
- Learn how to create a set on a budget
- Appreciation of the importance and power of shooting in camera
- Tips on how to engage and relax your subject
- Enhanced lighting skills - how to get creative with light shapers to create mood and drama

Indoor classroom workshop with model and lighting and is strictly limited to 20 participants
Cost is \$35.00 per person

EWEN BELL

Food Photography 101

Real food and real photography. Includes demonstrations with Q&A. This workshop will get you started on the basics of food photography.

Join Ewen with his wife Shellie (photographer and food stylist Shellie Froidevaux@ironchefshellie) They will both cover a wide range of issues on what goes on behind the scenes and how to turn great food into a great shot.

There will be no fake treatment of what they shoot. Ewen and Shellie believe in shooting what you can eat and how basic control of light and the lens can deliver exceptional results. Participants are invited to bring their camera and 50mm equivalent prime lens. Indoor classroom workshop strictly limited to 20 participants.
Cost is \$35.00 per person

Workshops Continued

KARL LUDIK with AARON HARIVEL

Welcome to Latrobe City, Gippsland's Regional City

It is my honour to have Latrobe City host the VAPS 65th Convention and Exhibition and I am sure many of our residents will take this great opportunity to learn more about the art of photography.

Our City welcomes all VAPS members and any photography enthusiast to our City. Our region provides a dream canvas for many photographers; we are home amongst beautiful landscapes and some impressive natural features and man-made industrial structures due to our power industry. We highly recommended traveling around and capturing everything we have to offer.

This photography exhibition is a spectacular showcase of talent, useful photography workshops and practical demonstrations. I hope attendees take away as much as they can, I will be sure to do the same. The art of photography is still a highly respected art form, and continues to thrive in this digital era.

I would like to thank VAPS and Latrobe Valley Camera Club for organising this great exhibition.

Welcome from the Latrobe Valley Camera Club to the 2019 Victorian Association of Camera Societies Annual Convention

As President of the Latrobe Valley Camera Club, I would like to welcome all delegates, their families and friends to our vibrant region here in Gippsland.

Our club was originally established as the Coal Country Club but a few years ago we decided that Latrobe Valley Camera Club was more representative of our members and their interests. We have been affiliated with VAPS for twenty years and we are thrilled to be hosting this event for the second time in our history. Many of our sixty or so members will be in attendance at this annual VAPS event and we all look forward to meeting with you, and to share in the exciting activities planned over the weekend and to chat about our favourite subject – photography.

I particularly wish to thank the convention organising team within LVCC who started planning and organising this event and have worked tirelessly since July 2018. Many of our members have volunteered to help with the running of this weekend and my thanks to them also.

Our venue, the Gippsland Campus of Federation University is a wonderful facility for this important convention, and we thank the university's staff in working with us to be able to present this event.

I would also like to express the appreciation of our club and VAPS, to the Latrobe City Council for their financial contribution and assistance.

Finally, on behalf of our club I hope your visit this weekend will be enjoyable and stimulate your photographic creativity.

This year there were a total of 37 Audio Visual presentations entered for the 2019 Interclub.

It was also the first time that remote judging was carried out across three states with very experienced AV judges.

Audio -Visual judging is based on a score of 40, being made up of 20 for Production, 10 for Images and 10 for Audio.

Thanks to John Spring for co-ordinating the remote judging and thanks also to the Judges for their time and expertise in this process.

Congratulations also to the makers of the winning Audio-Visual entries.

Our Presenters Profiles

Adam Williams

Adam is a landscape photographer from Sydney Australia and is one of the new generations of photographers that followed the digital camera revolution into photography.

In 2011 Adam and his wife sold all of their possessions, including their home, to follow a dream of traveling indefinitely around Australia.

It would also prove to be a major stepping-stone in Adams photographic career.

“For the best part of two years, I studied and practiced photography almost every single day, which brought huge improvements into all areas of my photography.”

Describing his work Adam says:

“For me it’s all about communicating emotion. Powerful imagery makes you feel something: elated, depressed, uplifted, in despair, makes you shed a tear or remember the good times past. These elusive emotional triggers are something I am constantly looking for.

I have lived with levels of depression and anxiety for periods of my life and much of the emotive nature of my work draws its inspiration from the highs and lows of those experiences.

To me, the landscape is the canvas for my artistic expression. The world doesn’t need me to document how beautiful our planet is, there are many talented photographers out there doing a wonderful job of that already.

There is only ever one photographer that can genuinely share the way you yourself interact with this world.

My aim is to bring small pieces of my unique vision to life. My passions, my concerns, my emotions all play a part in producing a final image. This can often result in my work varying wildly from the given scene.”

Our Presenter Profiles

Ewen Bell

Ewen Bell is an editorial photographer. He includes travel, food, wilderness and wildlife in his work. The consistent theme across them all is a dedication to reality and honesty in his images.

We don't need to tamper and fake our lives, we just need to embrace what is right in front of us. Sometimes that's country style cooking, sometimes that's a holy man high on hash, sometimes that's a native Australian song-bird calling for a mate in a carpark.

Since 2005 Ewen has been leading workshops and tours to teach his ideas on photography, with greater emphasis on what happens behind the camera than which f-stop you're shooting with.

Ideas are more powerful than equipment. Ewen was Editor at Large for Digital Photography magazine in Australia for three years, during which time he wrote over 100,000 words on the art of photography and laid the foundation for his new book being released in May 2019. Before that he was also a travel journalist and has been published in over 150 publications in Australia, the USA, China and the UK. In 2007 he was awarded Travel Photographer of the Year by the ASTW. He still appears in glossy magazines all over the world and has images published from every continent across the globe.

Ewen has exhibited his work only in support of charities. Over a decade ago he gathered a team together to photograph and share the story of orang-utans in the wilds of Borneo to raise money for their conservation. The devastating Tsunami of 2004 in Sri Lanka became another trigger for Ewen to share his work, raising money to rebuild homes and encourage travellers to support the economy. He won the Fringe Prize at the 2011 Ballarat International Foto Biennale for his series on rescued elephants in the north of Thailand.

Many of Ewen's photography tours are focused on working with NGO's as well. He's run elephant treks in Laos to aid funding for local programs that assist in elephant welfare. In 2017 & 2018 he organised special events to assist a Laos based charity called My Library, bringing the benefits of workshops, a large format printer and a complete set of Lumix cameras with lenses donated by Panasonic Australia. For Ewen this was one of the most satisfying and fulfilling moments of his career, to return to Laos and directly support a quality charity who is helping a new generation to find their voice through photography.

Ewen's latest project, with the support of Panasonic Australia, has brought some of Australia's birding community into the Himalayan kingdom of Bhutan to share ideas and inspirations on protecting habitats and species. The key to protecting habitats is through engagement of local communities. If they are aware of the biodiversity in their wild lands then they can better protect them. Ewen's recent role as ambassador for the Lumix G-series has re-ignited his passion for wildlife and birds, making it easier to achieve more. He describes the new camera technology as "bringing the birds closer", and will be sharing a national exhibition of birds in Bhutan during 2019.

Our Presenter Profiles

Keren Dobia

At the 2017 Australian Professional Photography Awards, a photographer and judge said of Keren's work that "there are some portraits that simply say what we look like, and there are some that say who we are."

This is the principle that has inspired Keren's ongoing series of portraits depicting Australian artists and artisans "I AM". – four of which earned her the distinction of being named the 2017 AIPP Australian Professional Photographer of the Year.

Keren recently exhibited 15 striking large-scale images of this series at forty-five downstairs.

Keren is an accredited professional photographer and the creative director of her theatrical compositions. Keren's artwork is influenced by her background in painting, drawing, and fashion, and her images often blur the line between photography and illustration.

Keren moulds her work from concept to completion. With her inspirational vision, creativity and skill set, Keren designs and fabricates costumes and sets. With a natural attention to detail and her industry recognised post production skills Keren works her images to their final realization.

Keren's distinctive approach and friendly and energetic personality attracts commissions equally from burlesque, circus, and theatre performers, as well as from public care providers.

Keren holds a Diploma of Photo Imaging from Melbourne Polytechnic (formerly NMIT). Alongside her creative and commercial work Keren lectures at Melbourne Polytechnic and RMIT in the Photo Imaging courses.

Over the past few years David has been working towards his European and Australian honours.

In 2018 he proudly received EFIAP and FAPS honours.

Our Print Judges

Mario Mirabile

Mario Mirabile is an enthusiast photographer who has been involved in the art since the early eighties.

Mario is based in Melbourne and practices many styles of photography, but sees himself primarily as an observer and interpreter of the built environment through stylized street photography and urban landscape work. He can often be found roaming the streets and laneways of Melbourne, seeking out the sparse and graphic backdrops he favours.

He has won awards in both national and international exhibitions and is a Fellow of the Australian Photographic Society and an Associate of the Australian Photographic Judges Association.

Mario is an active member of the Caulfield Photographic Society and the Australian Photographic Society and the Australian Photographic Judges Association.

Reserve Judge

Gary Smith

I started dabbling in photography back in the late 1970's using this as an adjunct to my maritime archaeology; never seeing or understanding the creative aspects to photography. At the time I was using a Nikonos 4 SLR film underwater camera. A life changing event occurred in 2013 that caused me to begin exploring my creative side and I joined my first camera club. That same year Ford announced that it would leave Australian automotive manufacturing; this was followed within the year by both Holden and Toyota. Toyota's closure enabled me to complete my Diploma of Photo Imaging as part of my retirement package.

In 2015 I joined the Australian Photographic Judges Association with a view to Improving my photography; since then I have complete Level 4 training and have judged for a number of clubs and other photographic events.

As a photographer my main interest was in capturing the natural world, so landscape and nature were my preferred genre. However in the last few years I have started exploring other genres such as portraits, macro and star photography.

Currently I am heavily involved in photography administration serving on the committees of the Warragul Camera Club, VAPS and the APJA.

To ensure impartiality of judging a number of additional Reserve Judges were in attendance at the Interclub judging and acted as reserve and moderators for the judging process.

We thank

Theo van der Meulen, Alfred Zommers, Peter Kewley and Margaret Zommers

EDPI Judges

Marg Huxtable GMAPS

Marg has been a member of the Melbourne Camera Club (MCC) for several years.

She joined after an inspirational presentation by ex-Age Press Photographer Bruce Postle and photojournalism has been a particular interest ever since.

To improve her photography Marg began entering National Exhibitions and later International Salons. She achieved her Fellowship of the Australian Photographic Society (FAPS) in 2014 as a result of her receiving many awards and acceptances in International Salons.

Continued success in Internationals saw her achieve the honour of GMAPS. Her judging experience has ranged from local shows, clubs, interclub and National salons to two of Australia's International Salons – VIGEX's print salon in 2008 and Maitland's salons in 2009 and 2016. She also judged the first VIGEX digital salon in 2016.

Marg still has a great interest in Photojournalism and Social Documentary photography both here in Australia and whilst travelling overseas. Meeting the local people and learning about their culture and lifestyle is often the highlight of her trips and her photography.

Lately she has found the natural world fascinating to photograph and has joined the Victorian Nature Photography Group.

Aside from competition, Marg enjoys attending and participating in exhibitions where she gains inspiration from viewing a wide range of images and artwork by well known and unknown photographers and artists.

Greg Earl AFIAP AAPS

My interest in photography increased when I purchased my first SLR camera in 1966. I enjoyed working with film in my home darkroom and later progressed to a scientific application of photography with the Bureau of Meteorology where I was involved in the satellite cloud photography program.

Having progressed through the eras on black & white film, colour slides and colour film, I readily adapted to digital photography and joined Southern Suburbs Photographic Society in 2009 where I have served as vice president and president.

I enjoy all aspects of photography and particularly in the role of educator. I have presented several training sessions with the club's skills training program and prepared and presented four training courses for the club.

Travel, landscape, PJ and flower photography feature heavily with me, but there isn't a facet of the hobby that I haven't engaged in at some point in time.

As a member of APJA, I commenced training and judging in 2016 and enjoy presenting constructive critiques on images as another way of helping others improve their work.

Our EDPI Judges

Tony Harding Photographer, AAPS, AFIAP

Tony Harding has been a member of Caulfield Photo Society for around 15 years. Whilst having a passion for landscape photography, he has widened his interest to many other genres including portraiture, architecture, street photography and creative.

Through numerous national and international acceptances and awards, Tony obtained his Fédération Internationale de l'Art Photographique (AFIAP)

Honours in 2013 and AAPS Honours from the Australian Photographic Society (APS) in 2014. His photographic gallery, blog and awards are at: www.tony-photos.com.

Tony won the National Macquarie Photographic Prize (People) in 2015 and has several times had his photographic work shortlisted and exhibited in City of Kingston's LENS Mist and Melbourne Open House collections. He has had his work published in *Australian Photography* and various other magazines in both Australia and overseas.

He won Best Photograph in Show at the Dandenong Show in 2017.

Tony is an active member of Australian Photographic Judges Association (APJA), having completed training to level 4 to support his continued judging of club, inter-club and National photographic competitions. He is also currently Secretary of the Victorian Association of Photographic Societies (VAPS).

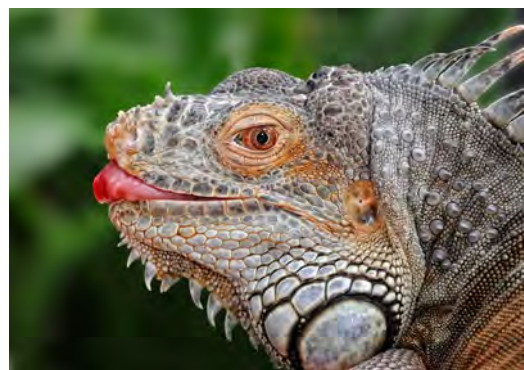

As well as having postgraduate qualifications in Information Technology, Project Management and Business Administration, Tony is an accredited trainer with a Certificate IV in Training & Assessment.

Our Audio Visual Judges

Charles Hulse FRPS AV-EFIAP AV-FAPS

Charles Hulse is a retired flavour chemist who worked in the beverage industry.

In the late 1970s he began a lifelong interest in audio-visual work and currently has more than 80 productions. In 1970, 1981 and 1999 respectively he gained his ARPS, FRPS, and AFIAP for AVs. In 1992 he was the member of the Barossa Valley APSCON organizing committee in charge of projection and also gave presentations of his work at that convention. In 2014 he again presented his way of working and a selection of his AVs to the APSCON in Ballarat.

He was the first Director of the Adelaide International AV festival from 1994 to 1999.

In 2016 he became the first person in the world to gain the AV-EFIAP from FIAP after their change of requirements to at least 50 international acceptances for 20 different AVs in 10 countries and 18 events. His work has been awarded Gold, Silver and Bronze medals from International and National festivals. He currently has more AVs in the FIAP Permanent AV Collection than any other author.

These days his AVs are mainly in the artistic/documentary genre. Drama and emotion plus feelings about the environment and the eternal tend to be part of his themes

Alia Naughton AV-AAPS, CAPSB, SAPS

Photographing since the age of 11, Alia's photographs have been published in the Australian Photography magazine and she has won numerous awards, the biggest being the inaugural winner of the Sydney Morning Herald Big Picture competition in 2014, out of 2,500 entries.

In 2003, she joined the Castle Hill RSL Photography Club, NSW, and her love of audio-visual making started in 2004 when she attended her first Australian Photographic Society annual conference in Adelaide. The idea of putting your images to music, poetry, documentaries, or just blending images harmoniously, appealed to Alia's artistic flair.

Alia also teaches members of her photography club, through workshops, how to make audio visuals.

She became Chair of the Australian Photographic Society's AV Group in 2014 and has been judging national and international AV competitions for 4 years.

Our Audio Visual Judges

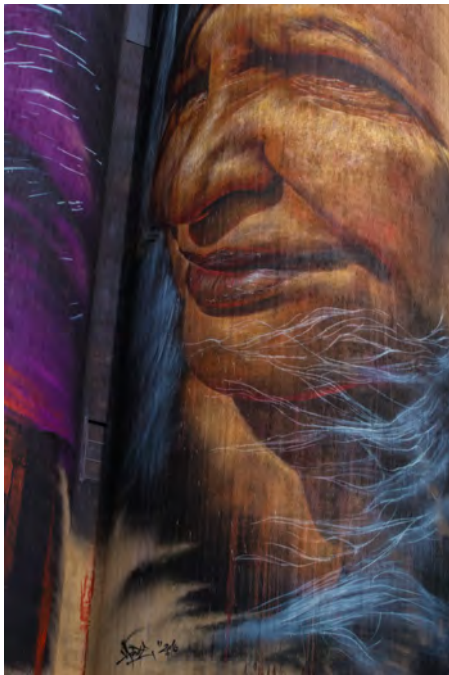

Heather Prince

Heather Prince has been an Audio Visual sequence maker for many years. To Heather, music is usually the inspiration for her AVs. She creates a story board for her ideas and then photographs for that story. Heather has been successful at VAPS gaining 1st, 2nd and merit placings over several years.

She has also been a place getter at National AV competitions.

Heather is an accomplished photographer and President of Geelong Camera Club.

THANK YOU CAMERA CLUBS

This year we have a record number of Interclub entries, making the Victorian Interclub the largest exhibition of images and Audio Visuals to be presented in Australia.

There were a total of 49 clubs with 711 print images and 712 EDPI's plus 37 Audio Visuals. A fantastic Interclub exhibition for 2019.

We thank all of the Organisers, Judges, support members and VAPS and Club members who have worked together to make this 2019 Interclub a tremendous success
