VAPS 2023 President's Message

Greetings to all Convention attendees, and a very warm welcome to our 2023 photographic event in this lovely city of Colac.

It is lovely to see and experience first-hand the positivity of many in the Photographic community, maintaining a fine attitude and working hard to keep the clubs and societies alive with good planning and organisational skills.

Sadly, a couple of clubs have had to discontinue in the past year, and that's hardly surprising, given the turmoil of the previous years, which have affected us all in various ways.

It is very heart-warming to see too, through social media, the results of members from the various clubs, out photographing and socializing and planning small trips together, trying to get some normalcy back into their lives.

Zoom meetings have continued to be the lifeline of some of our clubs, and although it's not the same as meeting in person face to face, it's helped many rural clubs to stay in touch and receive information and enjoy many presentations by experienced and professional photographers, nationally and also internationally.

Presidents Report Continued:

Three years or more is a long time in anyone's language, and although Covid persists in mutating and causing many ongoing concerns, the VAPS committee thought it important enough to go ahead and plan for a physical convention once again alive with good planning and organizational skills

Our website hosting and renewal of content, the continuation of revising and refining of new Insurance matters, the updates on the Victorian Judges directory, and a new section on presenters for clubs to use, on the website, are just some items the VAPS committee has handled and will continue to monitor.

I personally want to thank again, as I do every year, all those on the committee for their dedication and support of each other, their attendance to all the matters that arise, quickly and without fuss, and especially the meticulous planning and executing of this convention.

A special thanks to all members of the Colac Camera Club, who through their generosity of time and effort, have rallied together and helped us to bring this event to you.

Enjoy your time with each other while attending and thank you for your continued support.

Warm regards to all

Ian Rolfe

VAPS Convention 2023 Colac Mayor's Message

Welcome to Colac Otway!

Colac Otway Shire Council respectfully acknowledges the Gulidjan and Gadabanud people as the traditional owners of the Colac Otway region.

We're very excited Victorian Association of Photographic Societies (VAPS) chose Colac for your 2023 Annual Convention and we welcome you all to our beautiful Colac Otway Shire.

Our shire is a picturesque and richly diverse region, with volcanic lakes, craters and plains in the north, through to the pristine forests of the Otway Ranges to the iconic Great Ocean Road coastline.

A large proportion of the south of the shire is National Park, boasting waterfalls, bushwalking and spectacular destinations to visit and photograph.

Colac Otway also features some of the most magnificent coastlines in the country, from the small coastal hamlets to the shire's second largest town in Apollo Bay.

On behalf of Colac Otway Shire Council we thank VAPS for choosing Colac to host this significant event – the convention is a fantastic opportunity for aspiring and professional photographer to share knowledge and learn, whether it's the great line-up of guest speakers and workshops or exchanging ideas in a social setting.

There is spectacular scenery everywhere you visit through Colac Otway, I trust you will find much photographic inspiration during your visit, and we hope you pay us a return visit soon.

Mayor of Colac Otway Shire Council

Chris Potter

Welcome from President, Colac Camera Club

On behalf of the members of the Colac Camera Club, I would like to extend a very warm welcome to the VAPS delegates, our fellow photographers and their respective families and friends.

Colac is also well known as "The Gateway to the Otway Ranges". The Ranges include the nearby attractions of Lake Elizabeth, home of the elusive platypus, and our magnificent stand of giant redwoods planted by US servicemen during WWII.

To our West are volcanic craters and kilometers of historic dry-stone walls. On Colac's doorstep is Red Rock, a volcanic crater that forms the perfect vantage point for sunrise, sunset and astrophotography. Our picturesque Botanic Gardens, near the shore of Lake Colac, are the largest in rural Victoria. The bird life along the lake shore is at it's busiest in years.

We have much to share.

Please feel free to chat with any of our Club volunteers on these and any other attractions offered in our region.

We would like to acknowledge the tireless work undertaken by the VAPS Committee. We also thank them for, yet again, providing all VAPS members with a unique and rewarding experience.

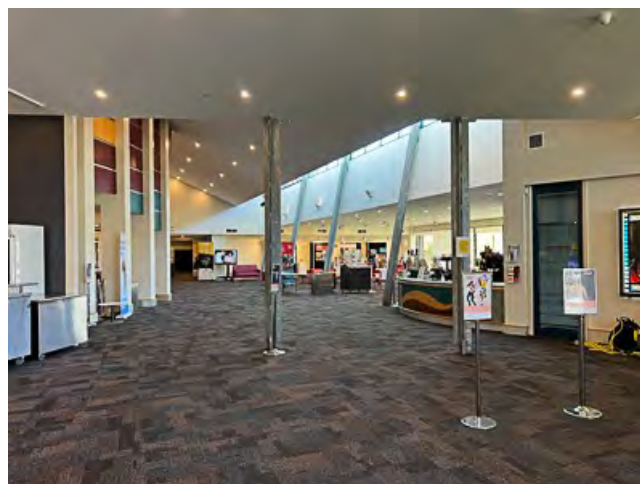

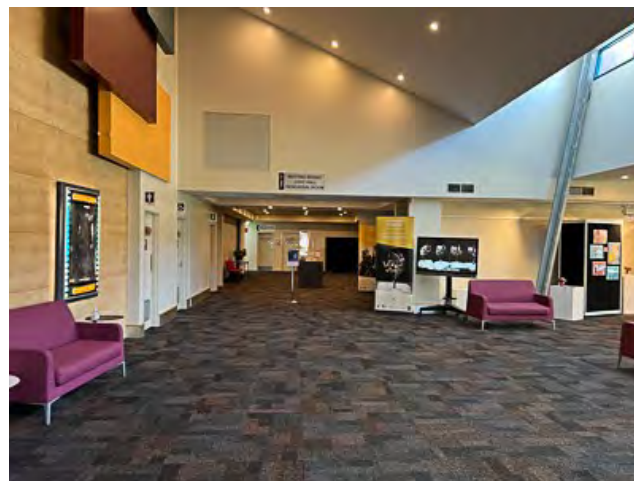

I would also like to thank our Club's VAPS 2023 working group and club members for their tireless dedication in ensuring the success of this weekend.

Our club members feel privileged to be chosen as the hosts of the 2023 VAPS Convention and expect that you will enjoy your time in this our beautiful region of Victoria.

Linda Reinen
President, Colac Camera Club

Due to a tie in scores for first and second place in the 3.21 category, the judges carefully considered both AV's and nominated the places as above.

Congratulations to all the awardees and a special thank you to the 2023 AV judges, Jan Burt, Bob Thomas, and John Spring.

Geelong Camera House is proud to be a Major sponsor of this years VAPS Convention and Interclub exhibition.

Generously providing a \$500 voucher redeemable in the Geelong store only, this is a significant prize that will be awarded to the adjudged BEST IN SHOW of the EDPI or PRINT images.

At Geelong Camera House we love VAPS club members. Mention you're a member of a VAPS affiliated club when you contact the store and we'll give you special camera club pricing for all your photographic needs.

We are all passionate about photography and we strive to promote and support local photographers. We offer a wide range of photographic products across all the major brands.

We also pride ourselves on the extensive services we offer, from camera repairs and maintenance, photo restorations, film printing, slide and negative scanning, tape conversions, printing and gifting to classes and tuition.

Whatever your photographic needs,
we have a solution for you.

Our Presenters Profiles:

Steve Scalone

Australian-based commercial and fine art photographer Steve Scalone perfectly captures scenes that resonate with the 'decisive moment'.

The use of delicate tones, refined composition and precise depth draw the viewer into his images, provoking curiosity about the scenes and the people in them.

Steve embarked on a professional career in a series of photographic commercial labs. He witnessed the beginnings of the digital camera revolution and embraced the change.

In the years since Steve pursued the photographic form in both his artistic and commercial practices. Along the way, he's acquired numerous Australian and International awards for photography and book production.

His talent on the ground for inspiring fellow professional photographers and nurturing his peers through education, as well as his continuing public advocacy for the arts, have led to him being honoured with the title of an ILFORD Master.

Our Presenters Profiles:

Shelton Muller

Unfortunately due to ill health Shelton is unable to attend the Convention and make his presentation.

Our Presenter Profiles:

Belinda Richards

Named the Pet/Animal photographer of the year by the Australian Institute of Professional Photographers in August 2019, Belinda Richards has quickly proved that pet photography is more than just photos of cute dogs. As the founder and Creative Director of Frog Dog Studios, Belinda has quickly become known for capturing animals' unique expressions, poses and personalities. Her sense of humour, subtle social consciousness and mastery of Photoshop are seen throughout her digital composite

works which aim to make simple statements about modern society through the personification of animals.

Belinda started her photographic journey in 2010 at the age of 30 by heading back to school. Completed her Diploma of Photo Imaging (Photographic Imaging College) and then her Bachelor of Arts (Fine Art) (with Distinctions from Royal Melbourne Institute of Technology) 5 years later. Upon completion, like a significant percentage of art students, she went and got a "real job". The majority of Belinda's working life has been with animals. When told never to work with kids or animals she often replies "Just the kids!". Starting an awarding winning pet grooming business straight out of home was just the start. Throughout her studies and upon completion Belinda worked in animal welfare for various local councils and organisations. The decision to begin Frog Dog Studios in mid-2016 came out of a love for animals, a passion to create art and a fatigue with the animal welfare industry. February 2017 saw the doors of Frog Dog Studios open in Yarraville Victoria. By July she had quit her "real job" to work in her dream business full-time. This a logical step for a business owner who has spent her entire working life with animals and studying fine art photography.

Since then Belinda has continued to develop her photographic skills winning numerous awards across multiple international competitions including the 2019 AIPP Australian Pet/Animal Photographer of the Year, 2019 Epson AIPP Victorian Pet/Animal Photographer of the Year and most unexpectedly the Nikon NZIPP International Photographer of the Year.

Belinda's love of the craft see's her handling every step of the creative process from capture to print ensuring each step is executed expertly to perfection. This coupled with her history of working with animals sees her intuitively capture her subjects like no other, creating fine art portraits that communicate, connect and emote. Belinda currently lives in Yarraville, Victoria and continues to run Frog Dog Studios with her husband, two rescue dogs and a rescue cat.

www.frogdogstudios.com.au www.facebook.com/frogdogstudios
www.instagram.com/frogdogstudios

Our Presenters Profiles:

Tim Lucas

Tim is an internationally awarded landscape photographer based in the Colac Otway Shire.

He has been shooting in some shape or form since the late 80's - often in conjunction with his other passion 'going bush'. Over the years Tim's style has morphed many times, and each time the direction shift has led to a different way to create a story.

During the COVID Period he took himself 'offline' stepping away from all social media to avoid the distractions that come with it.

And as a result, a new style has emerged - this time in the form of Infra-Red.

Every weekend you will find him out exploring the Otways, with a GPS in one hand and a rough plan in place the journey becomes the destination.

Like most photographers he suffers from the affliction of '...STOP, look at that -I need to shoot that...' and sometimes short journeys become long ones!

Our Presenter Profiles:

Ellie Young

Ellie Young is the founder of Gold Street Studios in Victoria Australia. Since its establishment in 1999, Gold Street Studios has become the centre for alternative photographic print processes in Australia and New Zealand. The studio provides a resource centre for photographic image-makers and attracts local and international participants seeking to advance their

knowledge and skills in the art, craft and science of traditional handmade and early photographic print processes.

Self Published The Salt Print Manual in 2011. Ellie exhibits widely in Australia, Europe, England and China. Works and articles published in books and magazines locally and internationally. Teaching in Nanjing, Tianjin and Beijing China has allowed these crafts and skills to be shared with the arts and photographic community within China.

Our Presenters Profiles:

Paul Robinson

Paul commenced photography in 1965 in Tasmania and as a hobby in 1971 when conscripted and served in Vietnam. For the next seventeen years working for Telstra in Telephone Directory publishing mostly in management and executive roles while being involved with amateur photography.

Became a professional photographer in 1989 and then a senior photographer at BD Graphics and Advertising, Prahran until 2004; followed by his own photography business through to the end of 2012.

He commenced full-time University studies in photography in 2013 gaining a Bachelor of Creative Arts (Photography) with Distinction in 2015 and post-graduate Honours in 2016. He has been awarded an AFIAP and FAPS.

Paul commenced judging in 1978 and since then has evaluated over 800 photography competitions made up of photography clubs, interclub, State, National and International Salons, Rotary, rural and metropolitan shows, galleries, regional tourism competitions, garden shows and walking clubs. He has contributed to various newsletters, had several articles published in Australian Photography from 2004 and has authored books: 'film to Digital' (2003) and 'Judging Photographs' (2012).

Paul has been Keynote Speaker and opened a number of photographic events as well as being a guest presenter on Radio 3UZ Melbourne about photography in the Victoria Travel Show weekly broadcasts for six months. Memberships have included the Adelaide Camera Club, Essendon Camera Club, Caulfield Photographic Society (Founder & Life Member), Warragul Camera Club, VAPS (President 1991-92), APS (Honours Sub-committee) and are a founding member and first President (2014 to 2022) of the Australian Photographic Judges Association, subsequently continuing as a committee member.

Our Presenters Profiles:

Bruce Connelly

Bruce is no stranger to the photographic Image. With a very comprehensive background in the production of the finest quality prints and himself a very accomplished photographer, he knows intimately the various qualities of the printed image and how to process digital capture in the right light onto the finished product.

Owner of Giclee Media Supplies, Australia's most comprehensive Direct distributor of Aqueous Inkjet and Signage Media

Importer of Moab and other Digital papers, Inkjet Fabric Systems, High-quality Stretch Canvas frames and Museum quality Mountboards.

Professional Canvas and paper printing using Canon products are available on-site and support, product availability and price are not bettered anywhere in Australia.

Our Judges Profiles - EDPI Judges

Heather Prince MAPS, EFIAP

Heather has been a passionate photographer since receiving her first camera at age 10.

She has been member of Geelong Camera Club since 2008, serving 8 of those years as President. She has been a successful exhibitor in State, National and International salons gaining many awards and accolades along with her Master of the Australian Photographic Society (MAPS) and the Fédération Internationale de l'Art Photographique Excellence Award.

Heather is a frequent guest presenter and judge at camera clubs all over Australia including APSLive and was a guest speaker at The Federation of Philippine Photographers Foundation 2021 (FPPF).

"I am fortunate to have been very successful with my photography and I take great pleasure in sharing my knowledge and skills with fellow photographers."

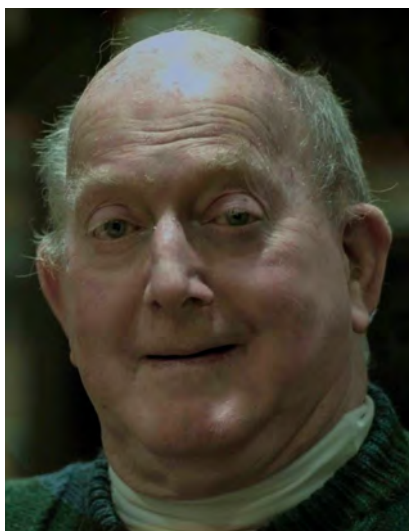

Heather encourages people to join a camera club because she credits Geelong Camera Club with being her most important learning experience from sharing the passion for photography with like-minded people. She has traveled extensively overseas reaping the rewards of photography in different cultures.

She is a passionate advocate for the printed image and recognised for her Altered Reality digital compilations and Still Life photography.

Heather's motto is borrowed from Dianne Arbus: "I never have taken a picture I've intended. They're always better or worse".

EDPI Judges Continued

Robert McKay SSAPS SSVAPS

I have been interested in photography from an age of about 10. First camera was a Kodak Starlight. During my teens I purchased a Nikonos underwater camera while being interested in SCUBA diving. After giving up going underwater, I decided to concentrate on photography as a main pastime. Joined the Melbourne Camera Club (MCC) in 1975. Elected to committee in Late 1970's and served two years as Vice-President. Seconded to the Victorian Association of Photographic Societies (VAPS) in 1985 to assist in the running of the National Photographic Exhibition run jointly by the Royal Agricultural Society of Victoria (RASV) in conjunction with VAPS.

Took on position of Chairman of this Exhibition (RASV/VAPS) in 1988 and ran the Exhibition until 1996.

With VAPS, organised and ran the Interclub Photographic Competition between all camera clubs in the state of Victoria from 1987 to 1998. Also, organised the state entry into a National Camera Club Exhibition between the Australian states and territories. President of VAPS 1993 to 1994 and on Committee of VIGEX International Exhibition based in Geelong.

Co-established the Phillip Island Camera Club in 1994. Ran three successful charity photographic auctions –The sale of Photographs in these events earned in excess of \$8000.

Have entered most Australian National and International Exhibitions and also several overseas International Exhibitions with many acceptances.

Travelled to Africa in 2005 visiting Kenya, Tanzania and Rwanda. Photographs from this trip were the basis of my only sole exhibition of prints in 2006 at The Red Lion Gallery on Phillip Island.

Have worked semi professionally as a wedding photographer and have had several photographs published in books and magazines.

I now work solely in Digital Photography, but did have my own darkroom for Black and White, Colour Negative and Cibachrome developing and printing.

Awards

VAPS Meritorious Service Award in 1991,
State Service Award of the VAPS (SSVAPS) in 1995 and
Service Award from The Australian Photographic Society (SSAPS) in 1997.

Our Judges Profiles - EDPI Judges

Theo van der Meulen

Theo is the Secretary of the Latrobe Valley Camera Club (LVCC) (www.latrobevalleycameraclub.club) and a member of the Australian Photographic Judges Association and the Australian Photographic Society.

In 2017 and 2022 he was awarded Photographer of the Year by LVCC, and his images were awarded Print of the Year in 2015 and 2022.

Theo is an active competitor in club, interclub and national photo competitions and has gained

numerous acceptances in National competitions.

As an APJA accredited judge Theo frequently judges club, inter club and national photo competitions in Victoria and interstate. He is also invited frequently to present on a range of photography topics at clubs.

EDPI Judges Continued

Trish McKeown

I have had a lifelong love of photography, from my childhood Box Brownie and Instamatic cameras, through to the evolution of digital photography. I am now a Canon photographer.

I am a founding member of the Nepean Camera Club (est. 2011), which enabled me to develop my photographic skills, along with forming many friendships within the Club. I am also a member of the Frankston Photographic Club, which I joined in 2022.

Over recent years, I judged several competitions within the Nepean Camera Club and following completion of some of the training courses with the APJA, added my name to the list of judges available for Victorian Clubs. I am completing my training this year with the APJA.

I have been honoured to judge for several clubs throughout Victoria already this year, which has added to my experience and look forward to the future judging engagements I have on my list.

Like many photographers, I have a special interest in a range of subjects, including: nature, wildlife and birds; abstracts, travel, architecture, macro and close-ups, sports, land and seascapes - and, much to my family's despair, I enjoy taking shots of "rusty things".

I have enjoyed overseas travel in the past, but now concentrate on travel within Australia to treasure all the beauty that surrounds us. This enables me to capture images of many of my favourite genres and appreciate how lucky I am to live in such a wonderful country.

Our Judges Profiles - Print Judges

Michael Walker AFSM AAPS IAPJA

My interest in photography commenced whilst at school. We 2 school mates, got involved in B&W photography rolling, processing and printing our own work. This included photos taken at numerous school events and sporting activities. These photos were published, each year, in the Annual School Magazine.

Photography took a back seat for a number of years, due to work and family commitments however, about 20 years ago with the advent of digital, my interest was reinvigorated in the pastime.

Since that time, I have actively pursued the hobby, including joining the Doncaster Camera Club about 10 years ago.

I have entered several competitions with some success. I have won the VAPS Digital Projected Image of the Year on 2 separate occasions. I have made submissions to the Australian Photographic Society and been awarded the AAPS.

I have been a member of the APJA for several years and completed all of the APJA training levels. I have recently been elected to the APJA Committee. I have judged at club and interclub level, including several interclub competitions between local and overseas camera societies.

I enjoy most genres of photography having a particular interest in Wildlife, Landscape/seascape and Aerial photography.

Print Judges Continued

Paul Lucas

Paul is a general photographer, but with a special interest and passion in plants and gardens as well as animals throughout the world. He has a large collection of slides and digital images taken over a period of 59 years during extensive travel to 91 countries.

He is a qualified Photographic Judge and member of Knox Photographic Society and VAP.

He has done over 900 photographic presentations to a multitude of Clubs etc. throughout Victoria and in New Zealand,

Canberra and USA.

Paul has won over 240 photographic awards in Australian photographic competitions, including several "Best in Show" and "Peoples' Choice" etc.

Paul has had photos published in the "Australian Photography + Digital" magazine and other publications.

Paul is the Photography writer for the monthly local Rowville Lysterfield Community Newspaper, for over 12 years.

He has won "Photo of the Year" at the Awards Ceremony covering the 72 Regional Newspapers in Victoria.

Paul judges the Annual Photographic and Annual Calendar Competitions for the Garden Clubs of Australia covering 780 Garden Clubs with 52,000 members.

Our Judges Profiles - Print Judges

Sam Mariani

Sam is currently the President of an enthusiastic and social Preston Photographic Club.

Being also an active member of the Australian Photographic Judges Association, he enjoys visiting both Metro & Country clubs whereby has amassed quite a bit of experience in the short 5 years of being a judge.

When not doing club activities, Sam enjoys travel and landscape photography which is evident in the 65 countries which he has visited. But his passion is Wildlife Photography.

He has accumulated a vast network of local guides throughout Asia & Africa who look after him, and can often be found exploring the amazing colourful characters in India – or photographing the amazing wildlife in Kenya or Borneo.

Print Judges Continued

Kath Gillies EFIAP AAPS SSVAPS

I have been a member of Caulfield Photographic Society for over 30 years. In that time I have had success with my photographs in competitions within our club, and in Australian and International competitions. Over the years I have judged many national and international competitions.

I have enjoyed many aspects of photography starting from the days of the darkroom up to the wonders of digital photography. My preferred program for post-processing is

Photoshop which has allowed me to experiment with a wide variety of styles.

It is interesting to have seen all the changes that have evolved over time.

Currently I have been enjoying working on complex composite images.

One of my current contributions to our club is the production of an annual history book showing all the photographs in our competitions for the year as well as those taken on our Club outings to various locations around Melbourne, making sure to take a group photo of those who attend. The book is a record of how our members are progressing with their craft.

Our Judges Profiles - Audio Visual Judges

John Spring SSVAPS

I first saw and became fascinated with Audio Visual slide film presentations in the early 1970s at the Melbourne Camera Club and also at the Rosanna Photographic Club. The earliest were very crude manually operated 35mm slide projector equipment using 'flip-flop' mechanical devices that had to be alternatively flipped and flopped by hand in front of the lenses between 2 adjacent slide projectors. This achieved a mechanical 'fading' between slide images on the projection screen. A script with a commentary was read to the audience while other hands flipped and flopped plus advanced the trays of slides on queue.

Historically magic lanterns achieved a similar result with glass plate images 100 years earlier and of course now it is achieved seamlessly with Computers and a single Digital projector. I participated in 1974 in one the first specific Camera Club Audio Visual Groups and remember the first Kodachrome Slide and projector group presentation on the 'Yarra River' at the Carlton Club rooms of the Melbourne Camera Club. See the reference for the history of Audio Visuals on the club's web site <https://melbournecameraclub.org.au/interest-groups/audio-visual-group/>

Now 50 years later there are still many challenges for photographers attempting to tell a story using the latest digital Audio Visual equipment. The writing of the very first VAPS Audio Visual interclub competition rules was a requirement following an increasingly large participation by Camera clubs and members in Audio Visuals the 1970s and 80s. This was facilitated by better and more affordable slide projectors, tape recorders and synchronising equipment. On two separate occasions over the intervening years the VAPS Audio Visual rules have been 'modernized' to reflect improved Audio Visual story telling.

We still have 12 minutes maximum time limit for open AVs but the introduction of 3 minute 21 second maximum or less (321s) has been popular and encouraged producing more interesting compact productions. There has been recently a reduction in participation numbers for Competition Audio Visual making, hence the challenge continues to make relevant in the current modern era and prosper this Audio Visual photography art form.

Producing Audio Visuals is still my passion, perhaps not so many for competition now. There are over 100 for the viewing by the public, out of several hundreds, available on my YouTube Channel 'JohnS4AVmakers'.

Why not have a look at several and perhaps have a go at making an Audio Visual?

Audio Visual Judges Continued

Bob Thomas

My photographic journey began as a teenager in the days of slides and film. After being involved in online photography groups I migrated to real world clubs in 2006. Since that time I have been an active member of a number of Victorian clubs both in their administration and as a photographer. Currently I am a member of Waverley Camera Club. I have occupied a variety of roles including secretary, webmaster, newsletter editor, computer operator and presenter. I have also run a variety of internal and external photographic training courses and written numerous newsletter articles on the subject. Externally, I have taught photography at the University of the Third Age, presented lectures to libraries and community houses and mentored new photographers as they began their own photographic journeys.

Competitively, I have been classified as Grade A since my second year of club membership and have won many club photographic competitions and awards over the last 17 years. I have also been a member of numerous panels, judging committees and an active participant in all aspects of club life. In 2020, I was awarded the VAPS Meritorious Service Award for my service to camera clubs. In 2009 I became involved with Audio Visual productions, and have since won the VAPS Annual Competition three times as an individual and once as part of a team. I also won the 2009 APS National AV "Champion of Exhibition" and many other AV awards. I am currently a member of the Australian Jury responsible for judging the Annual International 3.21 A/V Competitions. My A/V "Genesis" won seven awards in local, interstate and International competitions around the world. As a member of the VAPS state committee responsible for Audio Visual competitions in Victoria, I re-wrote the A/V competition rules which became the officially recognised VAPS Audio Visual Rules for Victoria.

In recent years I completed level 1, 3 and 4 judging courses under the auspices of the Australian Judge's Association and have been judging for both Victorian and Interstate clubs for some years. This has included judging the VAPS Annual Video Visual competition on many occasions. More recently I have focussed on Creative Photography winning my club's Annual Creative Competition twice before withdrawing from general competition.

My current focus is now less on competing and more on general judging, creative photography and mentoring. I by no means consider myself an excellent photographer, but then excellence is not a pre-requisite to evaluating the work of others. Photography remains a significant part of my life but not the reason I get out of bed in the morning. I value the company, camaraderie and interaction with my fellow photographers far more than any desire to beat them to a pulp in competitions. My judging is aimed at trying to avoid the biases and subjectivity which judging necessarily entails without introducing new biases of my own, a totally unrealistic objective.

My overall philosophy is that images and audio visuals should always generate an emotion in the mind of the viewer, provided that the emotion is not one of apathy or indifference. A picture is worth a thousand words, preferably engaging ones, and a good image should draw the viewer back looking for more.

Audio Visual Judges Continued

Jan Burt

Jan has had extensive experience in producing award winning AV's over the past 18 years. Her AV's have been successful in State, National and International competitions. Jan's AV's have received more than 10 FIAP awards and many medals. She has been awarded Best Australian Entry twice in the International Adelaide AV Fest, the

biggest AV competition of its type in the world.

One of her favourite AV's was one of three Australian AV's chosen with others from around the world to be admitted into the FIAP Historical Collection which is held in Europe. Jan encourages and mentors new AV makers and runs an AV group in her photography club.

VAPS INTERCLUB 2023

THANK YOU CAMERA CLUBS

It was pleasing that overall, 46 clubs have entered a total of 677 digital images, 565 prints and 11 Audio Visual entries in 2023.

All entries were judged either remotely (EDPI & Audio Visuals) or face-to-face (Prints) to the standards of any VAPS Interclub and we thank the judges, helpers and administration for their commitment to bringing together a successful Interclub in 2023.

We thank all of the Organisers, Judges, judge helpers, support members and the Colac Camera Club who have worked together to ensure the tradition of an Interclub for Victorian Camera Clubs continues.

See you in 2024

Geelong Camera House is proud to be a Major sponsor of this years VAPS Convention and Interclub exhibition.

Generously providing a \$500 voucher redeemable in the Geelong store only, this is a significant prize that will be awarded to the adjudged BEST IN SHOW of the EDPI or PRINT images.

At Geelong Camera House we love VAPS club members. Mention you're a member of a VAPS affiliated club when you contact the store and we'll give you special camera club pricing for all your photographic needs.

We are all passionate about photography and we strive to promote and support local photographers. We offer a wide range of photographic products across all the major brands.

We also pride ourselves on the extensive services we offer, from camera repairs and maintenance, photo restorations, film printing, slide and negative scanning, tape conversions, printing and gifting to classes and tuition.

Whatever your photographic needs,
we have a solution for you.
