**Welcomes delegates to the 2017 VAPS
Convention & Interclub Exhibition**

**Monash University Peninsula Campus
Frankston**

**In conjunction with
The Frankston Photographic Club**

Welcome message from the Mayor of Frankston

Delegates

Welcome to the 2017 Victorian Association of Photographic Societies (VAPS) Annual Convention and welcome to Frankston City - we are very proud to host this annual convention for the first time.

Located right on the waterfront, Frankston, voted Australia's Sustainable City of the Year 2015, is one of Melbourne's most vibrant bayside destinations.

Our popular lookout Olivers Hill offers waterfront views that are the envy of Melbourne, and our iconic Landmark Bridge and Frankston Pier are both engaging and photogenic.

I encourage you to explore and photograph all that Frankston City has to offer including our superb beaches, stunning coastline, magnificent parks and gardens, world class arts and culture, local produce and craft markets, and a wide array of delicious dining options.

Take time to stop by some of our favourite local spots such as the Seaford Wetlands, George Pentland Botanic Gardens and Sweetwater Creek. And be sure to visit McClelland Sculpture Park and Gallery in Langwarrin to discover over 100 diverse and interactive sculptures, before relaxing in the gallery café overlooking the lake.

Well done to the Frankston Photographic Club Inc. on its contribution to our community as one of the largest photographic clubs in Victoria. We are proud to support this event through our Community Grants and wish you all a fulfilling Convention and fantastic weekend ahead.

Happy snapping!

Cr Brian Cunial, Frankston Mayor

History & Archives	Alan Wilson	Essendon Camera Club
Chair Judging Sub Committee	Alfred Zommers	Knox Photographic Society
Committee Member	Danielle LeGassick	Pakenham Camera Club

Thanking our Judging Day and Convention Volunteers.

Each year we depend on the generous support of host club members to assist with the pre judging, the actual judging and for many activities in the lead-up and during the convention.

This year members of the Frankston Photographic Club, and other local clubs assisted the VAPS Convention committee ably through the judging process; your help and assistance is most appreciated.

Whilst it is not possible to name every volunteer we do wish to acknowledge the assistance from Bob Date, Jeff Symons, Terry Dyson, Steve Strauss, Christa Tapping, Mack Fenwick, Max Lane, Bob Hayter, Darryl Oats, Glenda Symons, Mel Kuhn, Lyn Haywood, Brendan Edwards and Tony Alevizopoulos. From other clubs, Lorraine Holden, Barry Povey, and Alan Wilson, who have assisted in many ways.

Many other Frankston volunteers and family members assisted with the Exhibition put up and take down, BBQ cooks, registration, teas, lunches and many other activities which were all handled professionally and to everyone's satisfaction, thank you.

It goes without saying that we also recognise and appreciate the support from our judges, stewards and Convention Committee, especially **Cheryl Adams and Gail Penny** who coordinated all of the catering for this years convention weekend.

Welcome to all Delegates from the President of Frankston Photographic Club Inc.

Frankston Photographic Club is delighted and honoured to be the host club for this year's VAPS Convention.

And as President, I offer a warm welcome to all delegates and friends.

Frankston is one of the largest clubs in Victoria, with membership fluctuating between 150 and 190. Being located at the gateway to the fabulous Mornington Peninsula we are blessed with endless photo opportunities, and not just the wonderful landscapes and seascapes that everyone associates with the Peninsula. All genres are thriving at our club, and we invite all our friends and colleagues in the photographic community to attend any of our weekly meetings on Wednesday evenings as our guests.

The 2017 Convention is fortunate to be able to access the Monash Frankston campus – a perfect venue for a convention such as this – and to have so many volunteers working hard to ensure the success of the event. I would like to take this opportunity to thank our members at Frankston for the enormous effort they have put in to make it a success.

VAPS is well known for its efforts to hold the convention in country Victoria wherever possible in order to be inclusive of all Victorians, so we are especially honoured that we have been asked to host this event on one of the few occasions that it is being held in the greater Melbourne area.

So welcome to Frankston, and remember - your favourite image is the one you're going to make tomorrow.

Terry Dyson
President – Frankston Photographic Club.

David continues to offer a discount for affiliated club members on all of his advertised courses through 2017.

David also offers private classes for a minimum of 4 and maximum of 6 people with a one-day session on either Lightroom or Photoshop; these can be weekends or weekday sessions.

Your club can also benefit from a full day seminar on either subject, contact David directly for prices on his generous offers for affiliated clubs and club members.

Contact David at www.whack.com.au

We thank the Frankston and
Melbourne Camera Clubs for the use
of their rooms and facilities whilst
judging the VAPS
Interclub entries in 2017

THE AUSTRALIAN INTERSTATE PHOTOGRAPHIC COMPETITION

The AIPC competition was initially formed in 1989 when it was known as the Allied Camera Clubs Competition.

The competition now known as the Australian Interstate Photographic Competition, (AIPC) comprises images selected by the state bodies of each Australian State and Territory.

Whilst it is not a APS competition, it is however always held in conjunction with the APS annual convention, APSCON.

APS provides Herbert Bronze medallions to the winning exhibit in each section and Merit Certificates are provided by the managing state to the top five entries in each section.

In 2012, 2013 and 2014 Victoria won the Alan Moran National Trophy awarded for the top scoring state across the competition.

In 2017 APSCON will be held in Forster NSW, 18th to 22nd October, see the APS website www.aps.org.au for all of the details.

Our state images will be judged and displayed alongside the other states entries. Lets hope that we again show them that Victoria is the top photographic state and that we bring home the National trophy once again.

Our Presenter Profiles

TOM PUTT

"I love landscape photography - creating artistic images is the fullest expression of who I am and what I do best."

Hi my name is Tom Putt. I consider myself part of the new generation of landscape photographers. I am passionate and wildly enthusiastic about photography, having spent the last 20 years exploring all parts of Australia to photograph landscapes.

I first fell in love with photography at age 13. I photographed wildlife, following my love for ornithology, before leaving university to pursue a career in sports photography. In 1998, I was fortunate enough to take the eye of Australia's leading sports photography agency, [Sport the Library](#). From 1998 to 2001, I covered over 300 events across Australia and the world, including the [Sydney 2000 Olympic and Paralympic Games](#).

But my passion has always been in landscape photography. My first shoot was walking the [Overland Track](#) in 1997. Since then, I have travelled extensively across Australia and New Zealand pursuing landscape photography.

I am a Master of Photography and have won over 100 [Awards](#) in both International and National Competitions. In 2014, I was awarded the [International Landscape Photographer of the Year](#) Runner-up.

I have always loved looking and admiring landscapes in print so more recently I have published his own [panoramic landscape books](#), showcasing the best of my work from various parts of Australia and New Zealand. These include:

[Cradle Mountain - Lake St Clair National Park](#)
[The Milford Track, New Zealand](#)
[The Routeburn Track, New Zealand](#)

You can find me on [Google+](#), [Twitter](#) and [Facebook](#).
or call me on 03 8678 1780.

Our Presenter Profiles

DARRAN AND PEARCE LEAL

Darran and Pearce Leal are a rare breed in the world of photography. As a father and son team, they travel the world shooting private projects and guiding small groups of photographers.

Darran started his professional photography career in 1980 as the photographer on Norfolk Island. His commercial shoots started in 1984 and continue to this day. He has also written and self published 6 books and has images in over 200 books world wide.

He has written over 300 articles for around 20 magazines and is currently a key contributor to Australian Photography Magazine.

No photographer could wish for a better guide to getting remarkable destination shots than a fellow photographer.

Pearce is the man to get you weaving incredible lens magic – because he does the same himself.

Pearce takes other photographers on amazing photo adventures all around the world. With around 50 tours and workshops under his belt, Pearce has traversed incredible image opportunities in Antarctica, the Arctic, Africa, the USA, South America, Asia and Australia.

In addition, his own photographic work has been featured in magazines and media around the globe. Pearce shoots digital, film and polaroid.

Both Darran and Pearce love to help other photographers to reach their creative goals and to enjoy magic travel experiences.

Check out Pearce's work first-hand at: www.pearceleal.com

Check out Darran's work first-hand at: www.worldphotoadventures.com.au

Our Presenter Profiles

CRAIG WETJEN

A Photographic Journey in what a personal project can do for you.

Craig Wetjen is a professional photographic artist and author with 30 years' experience. He began his career at the age of 16 as a photojournalist for the local newspaper in Connecticut USA before moving to Santa Barbara California to study, and received his Bachelors Degree in Industrial Photography.

His career highlights include shooting for NASA's Jet Propulsion Laboratories documenting the Mars Pathfinder and Cassini projects. He moved to Australia 20 years ago to play a pivotal role in establishing RMIT University's digital imaging photography course.

He has gone on to become a national and international award-winning photographer, and has self published two books of images of man's best friend and his owner. He is now sharing his wealth of knowledge, passion and creativity teaching photography.

The journey his photography has taken him on is personal now. A health scare in 2011, and ongoing consultations with health professionals has fueled a desire to photograph environmental portraits. He has initiated the Men's Shed Photography Project. Its aim is to increase awareness of men's health issues - mental and physical - by documenting how the iconic backyard shed is a space not only for fixing things, but also the men inside them.

Most of the men captured in these images struggled to articulate what their sheds mean to them. In these cases, the image speaks more powerfully than words. The book 'Men and Their Sheds' is a collection of 101 portraits and the stories of the men within the book.

His book is now available in reputable book stores across Australia.

Our Presenter Profiles

LIZ KEILY & CON FEYEN

Liz Keily and Con Feyen set off from Melbourne on their two Suzuki Dr650s in October 2014 bound for London. Eighteen months later they had the equivalent of the circumference of the earth, over 44,000kms, under their tires.

14 countries later they only made it to Iran as they had discovered many places off the tourist trail they wanted to visit.

Overland travel is not new, but motorcycle as the modus operandi is fast gaining momentum in the world of adventure travel.

Prior to their 18 month journey via motorcycles from Melbourne to Iran, Liz and Con both held down full time jobs; Liz as a teacher and Con as a Fitter and Turner. After two years of planning and saving, they reduced their belongings to absolute minimum and hit the road.

Con was always an avid motorcyclist and had years of experience behind him. Liz, on the other hand, left Australia on her newly acquired P plates. The trip was not without its challenges; different riding abilities, Liz's passion for photography and Con tolerating it, monsoons, broken limbs and the highest motor-able roads in the world.

Our Presenter Profiles

Matt Krumins

"I'm Matt Krumins and my goal in life is to see and help peoples' photography truly shine.

For the past ten years I haven't gone far without a camera in my hands"

It's taken me across the globe, setting up in Thailand teaching Underwater Photography, traversing across Asia on corporate assignments, capturing some of the most beautiful weddings I've ever witnessed, photographing Olympic athletes, as well as getting me out into the Australian countryside camping with my wife Laura and fur-baby Pippa-dog.

There is nothing more rewarding to me than bringing my wild imagination to life through images, capturing experiences most people only dream of ever seeing; that is why I do what I do.

As well as being a photographer I am a full time photography instructor running a wide range of photography courses.

I write for a number of online and printed publications and whilst I take my photography seriously I always maintain that fun comes first.

My workshops, tutorials and journalism aim to simplify the complicated and make inspiring photography accessible to anyone who wants to pursue it, turning ordinary pictures into extraordinary photographs.

I live, breath and see the world through my camera. Join me in my presentation to see the world in a way you have never seen before!

PETER DWYER

A member of the Frankston Photography club since 2004 Peter has been exhibiting in National and International competitions for the last seven years.

He has attained LAPS and AAPS Skill Awards and is working towards FAPS.

He has received over 500 acceptances over this period including 26 gold Medals at Nationals and three in International Salons. On six occasions he has been awarded Most successful Exhibitor including Vigex 2010.

His photographic interests are wide and he has achieved awards in the categories of Portrait, Landscape, Wildlife, Photojournalism, Altered Reality and Monochrome image making. He has previously acted as a judge at club level, for inter-club, National Salons and International Competitions.

PAUL ROBINSON

Paul commenced photography in 1965 and as a hobby in 1971 while in Vietnam. He became a professional photographer in 1989 and then senior photographer at BD Graphics and Advertising in Prahran.

He conducted a photography business through to end of 2012 and commenced University studies in photography in 2013 gaining a Bachelor of Creative Arts (Photography) with High Distinction in 2015.

Paul commenced judging in 1978 and since then has evaluated over 600 photography competitions made up of lay, walking club, camera club, interclub, State, national and international salons, Rotary, rural and metropolitan shows, gallery and regional tourism competitions.

He has contributed to various newsletters, had several articles published in Australian Photography from 2004 and has authored books: 'Film to Digital' (2003), 'Judging Photographs' (2012), 'Models and Photographers' (2013) and 'Evolve Confidence - Modeling' (2016).

Paul has been keynote speaker and opened a number of photographic events as well as being guest presenter on Radio 3UZ Melbourne about photography in the Victoria Travel Show weekly broadcasts for six months.

He has held a number of positions at the Adelaide Camera Club, Essendon Camera Club, Caulfield Photographic Society, VAPS and is a founding member and first President Australian Photographic Judges Association 2014.

Paul completed Honours in Photography at Deakin in 2016 and is currently studying for a Doctorate in Photography.

He has participated in exhibitions:

2014: A collaborative multi-media exhibition Raglan Street Gallery, North Melbourne

2015: A collaborative exhibition at the Phoenix Gallery, Deakin University, Burwood.

2016: Tactovisual Photography at the Phoenix Gallery, Deakin University, Burwood.

JOHN CHAPMAN

My interest in photography started as a means of showing others the unusual places I visited in my extensive interest in Bushwalking and Rock-climbing .

Early on I enjoyed moderate success by winning some photo magazine competitions so this spurred me to learn more and I tried the open exhibitions.

These competitions are completely anonymous and are a great way to see what others are doing and having your work compared. While initially confusing, you soon work out how it's judged and what the judges look for.

After a brief spell in National Exhibitions I tried the larger International Exhibitions where there are thousands of entries. Winning over 150 awards in 38 countries with 1,800 acceptances in a nine year period starting in mid-1980s, I became one the most successful exhibitors from Australia and have judged numerous national and international exhibitions.

Exhibition success has also given me various photographic honours such as Grand Master of the Australian Photographic Society (GMAPS), Master of the Photographic Society of America (MPSA) and the EFIAP/g (FIAP is the international photographic federation) and Honorary Membership and other honours from several overseas camera clubs and societies.

If you want to be able to apply photography across a wide variety of subject matter, the exhibitions are full of new ideas and worth persevering with. Recently (2013) I started exhibiting again and the standard is similar to what it once was except there are more exhibitions and also more photographers entering.

In almost 3 years I have gained over 3000 acceptances with 100 awards, have new ideas for photography and also become proficient with new techniques for processing them.

My major outdoor photography interest is with landscapes, nature and wilderness photography, which generally do not do well in competitions - the problem is they are normally not spectacular enough - they get accepted but rarely win. So while I was taking climbing and sport photographs for competitions I was still taking landscapes for myself when bushwalking in both colour transparencies and black and white.

I have more than 35,000 transparencies and 12,000 black and white negatives - mainly of bushwalking places. I converted to a digital camera in 2004 and now have a large digital library of more than 70,000 different images. The exact number is hard to determine as I sometimes use panorama and HDR techniques where multiple exposures are combined into a single output image.

You can read more of John Chapmans adventures at his website

Our Judges Profiles

Digital Judges

LIN RICHARDS

Firstly, my range of photographic interests cover quite a large field, including landscapes, seascapes, architecture, historic buildings, churches and stained glass, steam power encompassing steam trains, traction engines and stationary engines, lighthouses, plus a whole lot of related subjects included in the areas just mentioned.

I started taking photographs in 1960 and as such have gained a wide experience of photography. I have been a digital photographer for the last six years. I am still an active judge and am a member of the Australian Photographic Judges Association and have trained up to Level Three (Licentiate). As well as a fairly regular judge at Club Level, I have now judged at quite a number of National Exhibitions at Ballarat, Pakenham, Warragul and, before it was discontinued, at the VAPS National. I have also co-judged for the Berwick Show along with appearances at the Pakenham and Dandenong Shows. In addition to what I have outlined here I have, from time to time, given illustrated talks/lectures on various areas of photographic activity, including churches and stained glass, black and white photography and a talk entitled "Clean Up Your Images and Use Your Imagination". In fact, I have just accepted an invitation to give a talk to Frankston Camera Club on Churches and Stained Glass.

Some years back I was given the honour of being awarded an SSVAPS Award. I have no other "letters" I can put after my name.

I am a member of the Mornington Peninsula Camera Club, (formerly known as the Red Hill Camera Club) and have belonged to it for 35 Years, spending some 16 years as Club President and am a Life Member.

Our Judges Profiles—Digital

DAVID NORRIS

I've been an avid camera user since 2009 when I got my first DSLR... of course, prior to that, I took family photos and holiday snaps just like so many others but back then I never thought of the camera as a creative art form.

I joined the Berwick Viewfinders Camera Club in 2010 where I've been an on and off committee member. In 2011 I also joined Frankston Photographic Club. In 2012 I joined the Australian Photographic Society (APS) and in 2014 the Australian Photographic Judges Association (APJA).

I enjoy each stage of the photographic workflow from capture, processing and printing. There is so much to learn and so many good people in our photographic community to share and learn with. Over the last couple of years, I've been working towards my Australian and International honours. In 2016 I proudly received AAPS & AFIAP honours.

ROB SLOANE

Rob Sloane started out in Electronic Engineering in 1968 with the Department of Supply (Munitions), part of it in the manufacture of printed circuit boards and micro electronic related work.

This involved a lot of photographic skills and Dark Room work with negatives from a square cm up to nearly a square meter.

Educated at RMIT and Monash University, he always had an interest in photography, especially darkroom and photomechanical work. He joined the Knox Photographic Society in 1991 and has served on the KPS committee for over 20 years, and also a time on the VAPS committee. Awarded SSVAPS and SSAPS.

His main interest in photography has been photojournalism and travel photography, now getting more interested in contemporary photography and looking for things a little outside the square.

Our Judges Profiles—Audio Visual

SUE ROCCO

I am a member of Caulfield and Melbourne Camera clubs.

I began making AVs four years ago and have been successful in State and National competitions. My love of the media comes partly from my background as an English and drama teacher: I like making photo essays of quite ordinary things. Whilst I enjoy traditional photography I find AVs also give me the opportunity to explore places and ideas, it's a great excuse to take images of places and subjects which would not necessarily hold up as individual subjects in competitions.

The media also satisfies my interest in processes and in story telling, although I tend to think essays rather than narrative in my own work. Sound and music interests and challenges me, I enjoy the making of the presentations; I find them totally absorbing. I like tricks too and I care about textual detail – not only spelling!

BOB THOMAS

I joined the Eastern Suburbs Photographic Society in 2006, becoming Secretary of the Society in August of that year. In that role I was actively engaged in reforming the Society as it embraced the digital age and transitioned from film to digital images. I also performed a variety of other roles including Editor of the club magazine and club Webmaster. I was promoted to Grade A in my first year of competition and have since received number of club, Interclub and VAPS awards for still photography including "Image of the Year" and other annual awards.

In 2009 I became involved with Audio Visual productions, winning the 2009 and 2012 VAPS Competition, the 2009 APS National Championship "Champion of Exhibition" and 2nd in the APS 2010 National Competition. More recently my A/V "Genesis" won seven awards in local, Interstate and National competitions.

I have also been involved in the re-structuring of competition rules for both photographic and Audio Visual competitions, plus participating in judging panels for both media. In 2015 I joined Melbourne Camera Club and Camberwell Camera Club and I am now based at Waverley Camera Club.

I am a keen photographer with a broad range of photographic interests covering many diverse genres. During my time in camera clubs I have taught photography both at club level and externally at U3A (University of the 3rd Age) and via talks at public libraries. I have written a number of articles and a comprehensive guide to competitive photography for inexperienced photographers, and have mentored a number of new photographers.

JACK JANSON

Jack Jansen is a long time member of the Corio Bay Camera Club in Geelong, first joining in 1981. After a few years he resigned to support his wife who was studying, re-joining in 1994. Over the years Jack has had a number of roles within the club, including that of President for ten years. He is currently their Secretary. Jack also joined the VIGEX Committee in 2015 and in 2016 was also elected Secretary of that organisation.

Jack has judged at Camera Club level for many years, and was recently invited to be part of the judging panel for the Melbourne Camera Club End of the Year Audio Visual awards.

When talking about his photography Jack says "Living where I do means I am reasonably close to the Bellarine Peninsula coast, on both the Port Phillip Bay and ocean sides.

Over the years I have taken lots of photographs around Queenscliff, Point Lonsdale, St Leonards, Barwon Heads and Ocean Grove. I like the fact that I can go back to these places many times and still find different ways to photograph what's in and around them and sometimes even find new things to photograph.

I have also been fortunate enough to have travelled overseas a bit over the past fifteen years or so and have visited some of the world's great cities and regions.

These places are so different from our own country and I have really enjoyed capturing them.

My current project is a book and AV on the theme "Built" using photographs from my archive, supplemented with more recent and yet to be taken images"

Reserve Judge (Print and EDPI)

Kim Wormald EFIAP, FAPS, (lirralirra.com)

Kim is a wildlife photographer specialising in ethical bird photography. She is a lifelong bird watcher with a deep love of, and respect for, nature, She particularly enjoys photographing tiny bush birds.

Kim is a member of the Australian Photographic Society, Knox Photographic Society and Phillip Island Camera Club. She began entering international salons in 2013 and her images have received awards, including bronze, silver and gold medals, and Maitland's 2015 FIAP Blue Badge. She is listed in the PSA Who's Who of Nature Photographers.

Many of Kim's images have been used for conservation purposes including interpretive signage, brochures, informative postcards, greeting cards, calendars and banners.

This new and exciting Association is offering an entertaining and educational session on Sunday afternoon to inspire your mind, emotions and knowledge about judging photographs. Everyone is invited whether you are a judge, potential judge or just want an uplifting experience.

Conducted by trained judges with a wealth of experience, awards and educational qualifications this is a must see event of the convention.

The Association is there for clubs with its ongoing formal training seminars, informal training sessions and mentoring of its members.

This year it is powering ahead with four seminars one of which has never been conducted before - the Level 4 Associate Seminar being held on Sunday, 17 September. A Level 1 Novice Seminar has already been conducted in Benalla in April.

Check out our website for news and events, www.apja.org.au. We are encouraging imagination, enhancing the understanding of the artistic elements of photography and expanding knowledge about judging images.
