VAPS 2021 Presidents Message

Greetings everyone,

To say the last twelve months has been quite dramatic, challenging, confronting at times and very different, is an understatement!

On a more positive note, the past couple of months has seen a

significant easing of Covid restrictions in Victoria, which has made it easier for clubs and societies to plan and organize and invite members to spend some time together socializing and photographing at various locations within the state.

It's something very positive in what has proved to be a most difficult 12 months. It is very heartwarming to see through Social media, the results of members from the various clubs, out photographing the scenic areas and going away for small trips together.

Zoom meetings have been the lifeline of all the clubs and although it's not the same as meeting in person, it's helped all of us stay in touch and receive information and enjoy many presentations by experienced and professional photographers.

Although Covid is well under control, the VAPS committee thought it very prudent to only hold a virtual convention this 2021 year.

Even though the inoculation program is now under way in the state of Victoria and elsewhere in Australia, with the older citizens being first in line.

The fact remains that limits on all manner of food handling, the social distancing issues, the size of audience numbers in the auditorium and overall reluctance of many members to attend, naturally due to age and health in these challenging times, are all factors the VAPS committee took into serious consideration.

In 2022 we still hope to liaise with and hold the convention in Wangaratta, with the full support of the Wangaratta club and the Local council.

Presidents Report Continued:

The committee has still been working very hard behind the scenes to work out a virtual one-day program for this year, that every member of every club and society can sign into and enjoy in the comfort of their own home via zoom.

A full day of presentations has been planned with wonderful speakers of professional standard.

Some of these speakers will present again in 2022 and will offer new subjects and your chance to share in a workshop with them.

VAPS has also organized the extensive digital interclub exhibition and the digital version of the catalogue for 2021.

Our website hosting, refining new Insurance matters, a Covid safe plan, the Victorian Judges directory, communications with consumer affairs and zoom practices guidelines have also been discussed, and attended to by your VAPS committee.

So, even without the benefit of meeting personally, the committee still works hard on behalf of all clubs and societies, to make sure that this photographic organization runs smoothly, efficiently, and is of real benefit to all its members.

I personally want to thank everyone on the committee for their dedication and support of each other, their attendance to all the matters that arise, quickly and without fuss, and especially in these quite trying times we have faced, and still need to face before we get back to something normal, we once enjoyed as a community.

May you all take up the invitation to join us on June 6th for an entire virtual day of our 2021 convention.

Warm regards to all

Ian Rolfe

Congratulations to all the AV makers and especially to those receiving awards and merits this year.

This is the third year that remote AV judging has been carried out by very experienced judges located in Victoria and South Australia.

Due to the impact of Covid 19 on clubs and club members being able to venture out and gather imagery for AV making in the last year, the entries were well down with only 10 each being submitted to Open and 3.21.

Due to this reduced number the award placing were also reduced to represent 30% of the entries, with one Merit being awarded in each section.

Please also note that the AV scores shown in the results tables are the aggregate totals from the 3 judges for each Audio Visual entry.

Hopefully 2021 will be different and we can again look forward to an increased number of AV submission for the next VAPS Interclub in 2022.

Thanks to John Spring for Co-ordinating the remote judging and many thanks to the three Judges for their time and expertise in this complicated Judging process.

VAPS 2021 VIRTUAL CONVENTION 6th JUNE PROGRAMME

MARK RAYNOR

"Rack 'em and Stack 'em - the hidden feature on many modern digital cameras"

Join Mark Rayner as he opens up a whole new world of super sharp in-focus landscape and close-up photography.

Mark will explain the 'Focus Stacking' or 'Focus Shift' features found in today's cameras. He will demonstrate how these cameras capture the images and then show how to put it all together in Photoshop in real time.

Mark will also explain how you can achieve the same results using older gear without the built in tech.

LEE HERBET

"Taking the next step into video" and the Basics of Video Photography

Join in on this fascinating overview of some of the things one would look at for in video photography.

Lee will talk about the basics of video, slow motion, a little bit about sound and Also touch on editing, and the reasons behind the importance of understanding what is required in editing. Lee will touch on knowing what shots to get when shooting.

LUKE TSCHARKE

"Nightscape Photography"

Join Luke as he discusses the amazing world of the landscape at night. How he shoots and processes his images and the techniques he uses.

PAUL VAN HOELEN

"Men with Heart"

Join Paul as he presents a visual documentary on the multi award winning Men with Heart Project.

This is a 20 year long photo documentary project exploring and challenging the definition of healthy masculinity in Australian culture today. Paul will explore the approach to documentary work, long term projects, sensitive subject matter and trust building, grants and exhibitions and how to transform projects into book form.

Our Presenters Profiles:

Mark Rayner

Mark is a Fully Accredited AIPP Professional Photographer who has been an avid photographer since his early teens and his enthusiasm and passion for image-making now, many years later, is unchanged.

Mark's work is as diverse as it is creative including surreal landscapes, wildlife, insects, flora and fauna whilst keeping in touch with people through street, wedding and portrait photography.

A pre-requisite for good imagery these days, Mark is also skilled in digital workflow and post-processing of photos as well as being accomplished in the use of Lightroom

and Photoshop.

Mark loves sharing his experience with you to help bring out the best in your photography.

Mark runs Trekabout Photography Workshops taking you to amazing locations to learn and enjoy your passion.

Mark teams up with specialist photographers to bring you the Trekabout Dream Team.

Pam Jennings, West Australian expert in wild places and remote area photography, Dick Jenkin, bird expert extraordinaire and David Metcalf, street and cultural photography expert.

Between them they will show you techniques you didn't even know existed.

Our Presenter Profiles:

Lee Herbert

"Everyone's got a great story but not everyone's great at telling it. That's where Lee at Capture.Ink comes in."

Lee heads up a Melbourne-based video production company passionate about telling your story to your customers and building your business.

Everyone's got a great story but not everyone's great at telling it. That's where Lee at Capture.Ink comes in. They don't just create beautiful videos; they understand business and marketing. A beautiful video is, well, beautiful, but if it

doesn't achieve what you need it to, then it's just a pretty face.

Lee Herbert is a filmmaker, educator and storyteller.

He has been creating and sharing stories for years. Lee is passionate about the art of storytelling - both artistically and technically - he loves sharing his knowledge, trials and errors with others.

Some people have read all the books about video filming and editing but have little practical experience. Others have immense practical experience but lack the vital technical understanding. Lee is a combination of both: as he has the technical and the practical experience, along with the knowledge and understanding.

Capture.ink is where Lee shares his stories and, hopefully, helping others who want guidance or inspiration in sharing their own stories. Lee describes himself as also a bit of a gear-head too, so, on this site Lee will most likely discuss a fair bit about what type of kit people think is best for various tasks and how to use them.

Lee is a Certified Final Cut Pro Master Trainer, Certified Motion 5 Trainer, Certified Compressor Trainer and a member of the Apple Consultants Network. With a Certification IV in Workplace Training and Assessment, He is qualified to deliver nationally accredited vocational training in TAFEs, private and enterprise-based registered training organisations as well as in secondary schools with vocational programs.

Our Presenters Profiles:

Luke Tscharke

Luke is an award-winning Australian landscape, nature, and travel photographer based in Hobart, Tasmania. His major passion is inspiring people to respect and connect with the natural beauty in the world around them.

Luke originally trained as a Quality Assurance professional with a Bachelor of Science degree, and worked for some of the world's largest food and beverage companies to ensure the quality and integrity of their products.

This same meticulous approach has been instilled in his photography, where he strives to create memorable natural landscape images from locations across Australia and other parts of the world.

The quality of his work has been recognised by awards in many photography competitions, publications in books, calendars, and magazines, and work with corporations and charities.

Luke is a contributor to Australian Geographic Magazine and contributes images and articles to the Australian Photography magazine. He is an Accredited Professional Photographer with the Australian Institute of Professional Photography (AIPP) and runs photography workshops across Australia.

Luke has been fascinated by the natural environment ever since he was a child, and has been able to merge this interest with his love of bushwalking and also has been able to photograph some of Australia's most stunning and wild natural environments. His absolute favourite place to photograph is Tasmania, and has visited many times to explore and be immersed in the world heritage listed wilderness.

In fact, he loves Tasmania so much, that he decided to relocate there from Sydney in July 2017.

Our Presenters Profiles:

Paul Van Hoelen

Originally born in New Zealand to a Dutch Sailor and an American Nun, Paul has managed to put his four passports to excellent use before eventually settling on the beautiful, wild island of Tasmania.

Self taught, travel hungry and with a healthy thirst to grow as an image-maker he thrives on the challenge and freshness of shooting a wide diversity of genres, ranging from fine art nudes, landscapes, and large-scale event photography through to fashion, travel, documentary and environmental portraiture – though he is most renowned for his exquisite landscape imagery.

Paul is a Master of Photography in the AIPP II and Fellow of the NZIPP II, two times winner and 4 x Finalist for International Photographer of the Year in NZ, three times Tasmanian Professional Photographer of the Year and seven times Tasmanian Landscape Photographer of the Year.

He judges regularly at a state, national and international level, runs photography workshops worldwide and writes for numerous magazines and publications.

He is a member of the progressive landscape collaborative The Light Collective, an Ambassador for Asukabook fine art books and his work is represented by One Fine Print in Australia and Source Photographica in Australia and the USA.

Our Judges Profiles - EDPI Judges

Margaret Edwards, AFIAP FAPS

Photography has been a passion of Margaret's since she demanded to have her own camera for her 10th birthday (rather than having to share one with her twin sister, which was her parent's original plan)!

However, it was not until joining Southern Suburbs camera club in 2001 that her photography moved beyond the obligatory family record shots. In that time she has won many awards not just at club level, but also at state, national and international level.

In 2019, Margaret was awarded her AFIAP and FAPS.

Margaret's involvement in photography has also resulted in the judging of many exhibitions, ranging from local charities & shows, Victorian camera clubs, VAPS and the Maitland International.

Margaret is also active on social media - an outlet for exhibiting and sharing images to family, friends and fellow photographers, as she finds the entering of only 3 images a month in the club competition, rather limiting.

Nikon is her preferred system. She has always worked with cropped sensor cameras despite the temptation to move to heavier and more expensive full frame cameras.

Margaret's passion and enthusiasm for her photography remains one of her main pastimes in life and she hopes this will continue into "old age" ... whenever that might be!

EDPI Judges Continued

John Chapman GMPA EFIAP/p ARPS APSEM

John is a well-known photographer and self-publisher of outdoor walking guides.

He has exhibited extensively and judged numerous exhibitions.

In 2020 he was appointed as a committee member to the Honours Sub Committee of the Australian Photographic Society.

He enjoys travelling to wilderness areas all over the world. Photographic interests cover a wide range of genres with particular interest in landscapes, travel, nature and journalism.

Dave Sumner FAPS

David has been an avid photographer for the vast majority of his life and is currently the Vice-President and Membership Secretary for Waverley Camera Club.

He teaches the basics of photography to beginners as well running a monthly mentoring group that assists newer club members to enter competitions.

He is also a Fellow of the Australian Photography Society and is currently in the process of attaining Master APS and

international honours with FIAP.

He likes many photography genres but having always had an affection for the great outdoors; it was inevitable that his photography would have a bias toward wildlife and landscapes. He has recently combined a 4WD vehicle with my photography to allow him to shoot wildlife and landscapes on location and stay on site for as long as it takes.

Our Judges Profiles - Audio Visual Judges

David Rendle LAPS SSVAPS

Since joining the Geelong Camera Club in 1997, David has served his club in numerous capacities, most notably as President for seven years and receiving a Life Membership.

Upon recognising and appreciating the role camera clubs have for amateur photography, he has continued to present, demonstrate, and judge at many various levels. This includes presenting at the club's Introduction to Photography course for over 20 years, judging for

camera clubs throughout Victoria, and judging for several Victorian National Competitions.

While David enjoys all forms of photographic art, he is best known for expressing himself through black and white prints. Bushwalking and capturing the wilderness landscape is another passion of David's, which has led to exhibiting professionally in photographic galleries along the Great Ocean Road.

His photography comes from a broad spectrum of mediums, ranging from digital montaging to large format film photography.

David is attracted to audio-visuals because they offer a higher level of photographic storytelling, and he has received some success for his presentations. He particularly enjoys the challenge and concept of the 321 category.

Audio Visual Judges Continued

John Hodgson

**EFIAP/b, AV-EFIAP, FAPS, AV-FAPS,
ESFIAP, Hon. FAPS, Hon. AFB**

John has been active in amateur photography in Australia for nearly 40 years.

Over that time, he has exhibited with considerable success at both national and international level, winning numerous awards for monochrome prints and, more recently, colour prints and audio-visual sequences.

In 1985 he co-founded "Printworks", an international print exhibitors group which has established itself as one of Australia's most successful such groups.

Since 2007, John's photographic interests have centred on Audio-Visuals, and he has won more than 90 National and 25 International awards, both for individual sequences, and for sequences co-authored with his wife, Judith. Awards include a FIAP Gold Medal in the 2013 Romanian AV International, an RPS Bronze Medal in the 2016 RPS AV International, and the FIAP Badge for top exhibitor in the 2011 Adelaide AV International.

Since 1980, John has judged regularly at club, state, national and international level, including Adelaide, Sydney, VIGEX and Maitland Internationals and the Adelaide International AV Festival. In 2007, he accepted an invitation to be one of the judges for the 12th China International, conducted in Lishui, China, and was a jury member for the Royal Photographic Society's AV International at Cirencester in 2014. In 2017 and 2018 he was a judge for the Photographic Society of New Zealand's International Exhibition.

For more than 20 years, John has been involved in photographic administration, serving several terms on the Management Committee of the South Australian Photographic Federation, serving as Judging Coordinator for the Federation from 1999 to 2011, and serving two-year terms as Junior Vice-President, Senior Vice-President, President and Immediate Past-President of the Australian Photographic Society. He served as Chair of the organising committee for the 2004 and 2009 APS National Conventions (APSCON) and from 2010 to 2011 was Executive Director, Honours for the APS. Since 2011 John has chaired the organising committee for the Adelaide International AV Festival and has been a member of the APS AV Division Council.

John has given presentations at photographic conventions both in Australia and overseas, and has a particular interest in landscape, architectural and still life photography, and audio-visual productions.

His work has appeared in a number of books and magazines and is in public and private collections in several countries. Seven of his AV sequences have been selected for the FIAP Permanent Collection.

Audio Visual Judges Continued

Ruth Burleigh

Photography and creating Audio Visuals (AV) is a huge passion of mine.

Family comes first always, but my photography takes up almost all my time.

Photography has always played a huge role in my life, working

professionally as full-time staff photographer, for the local newspaper for thirteen years, then after retirement running my own portrait and wedding photography business.

My introduction to AV's came about by the necessity to create movies for my wedding photography clients. These early presentations were very basic, simply images to music. It wasn't long before I was searching for ways to improve my presentations.

I joined the Warragul camera club in 1991. We formed an AV group, we worked together to create AV's to enter into the Victorian Association of Photographic Societies (VAPS) competitions.

I realised from these early workshops, how little I knew about the making of AV's, so I began to search for more information. We invited a number of people like Barbara Butler, (chairman of the Australian Photographic Society {APS} AV folio at the time), to present to our club. It is the generosity of people like Barbara, that is responsible for inspiring me to learn more about the production of AV's.

I am a member of the Australian Photographic Societies AV folio, I also joined the Melbourne Camera Club's AV division which I found very inspirational.

Over the years I have entered many AV competitions and enjoyed moderate success. In recent years it was decided to update the AV rules, I was honoured to be invited to be part of the committee formed to update these rules. I understand the importance of the various complex aspects of what makes a great AV, it does demand a number of different talents to create a great AV. I have had the pleasure and the honour to have judged many photographic competitions, both print and AV's.

Being part of the AV community has brought me years of fun and enjoyment they are both challenging, thought provoking and visually entertaining. I love the way you can share your images and tell a story with AV's.

THANK YOU CAMERA CLUBS

Many clubs are now just starting to get back to on site meetings following the Covid-19 restrictions that have impacted club meetings in the past year.

Given the many difficulties of the past year it was very pleasing that 48 clubs have entered a total of 714 digital images and 20 Audio Visual entries in 2021.

All entries were judged remotely to the standards of any VAPS Interclub and we thank the judges and administration for their commitment to bringing together a successful Interclub in 2021

We thank all of the Organisers, Judges, support members and the Wangaratta Camera Club who have worked together to ensure the tradition of an Interclub for Victorian Camera Clubs continues

2021 + 1

Will be a bigger and special Interclub
When we do go to Wangaratta
and enjoy the hospitality of the
Wangaratta Camera Club,
our club members and our special
presenters

See you in 2022
